PEST ENTRY

Hokay Troops, as you can see we have ANOTHER new address! I think THIS will be the last change tho' . . . NO, we're NOT tryin' to duck any creditors! We gotta' NEW building with everything but a swimmin' pool and hostesses. Purty cool 'n all, but I'm gonna' miss the ol' Haunty House basement for a while. Anyhow, send yer letters to . . . PAPPY LEMMONS, HOT ROD CARTOONS
8490 SUNSET BLVD.
LOS ANGELES, CAL. 90069

I noticed in your Sept. ish the change in address for the "Pest Entry" section. The only bad thing is why the same ol' Chevy? If you're going to change the address, why not the mail wagon? In my opinion HRC is a groovy mag and should be issued to every G.I. in Uncle Whiskers A.F. Here in Deutschland all you ever see is a VW or some small type foreign car. Don't get me wrong, I do dig those Porsche 911 S's though. Any female type that would like to drop a line to a 21 year old G.I.? My idea of a new mail wagon would be a nice looking pony (Mustang) strapped to the wing of an F4 Phantom II. Then you could receive your mail at a speed of 2.5 Mach (approx. 2,000 mph).
AIC LANE A. HILL JR., 36 AEMS Box 4874, APO New York 09132

What d'ya think of our mail buggy THIS issue? Those Berry Mini-T's won't make mach 2.5 but they move out purty swift.

Who's this Mrs. Don Cash and what's her thing with Chevie's? I agree some of them come on strong but lets look at the facts, there is ALWAYS something better. She says she's able to put up a Chev. against anything anyone thinks is faster. Well, any time she's ready I've got a 'Cuda that hasn't been touched by a Chev or a Vette lately. But like she says, I can always come back with a better MOPAR. I'm a MOPAR fan from way back and the day I get beat by a Chev, I'll sell both my MOPARS and go to a VW stationwagon. Just wait 'till I get back from Nam, I'll be cleaning Chevie's out of my carbs from then on. If any girls want to write, I'm 22.
BOB BRAVORD RA15734571 588th Mt. Co. (DS) (DIV),

It's a downright crime that you lack more (if any) good stories on those Kings of the road, the SEMI-TRAILER trucks and their drivers. Other than that, your mag is truly boss. All your cartoonists should be given a raise. Any long-haul souls that care to write a helicopter grease monkey for Uncle Sam?
SP4 LARRY McCULLOUGH B Co. 82d Avn Bn, 82d
Abn Div., Ft. Bragg, N.C. 28307

"Pest Entry" is the best part of HRC, hut your printers really mess up. In your Nov. '68 issue it upset me to see Ford Ord instead of Fort Ord, and Navscon, instead of Navscon, which stands for Naval School, Construction, Scabees Rule. I'm 20, dig cycles, and own a Honda (CB 450). I also own a Ford. Any gals, 18-21 who don't think Triumphs (cycle-type) and/or Chevie's rule?
MIKE KASHUBA, BU/A School Class AO2 69-2 NAVSCON,
Port Hueneme, Ca. 93041

Baby, we prints 'em as we sees 'em . . . thass why I'm allus screamin' 'bout printin' yer addresses so's I can read 'em.

What's happening Stateside Pappy? While sitting here spinning discs I ran across a copy of HIRC in the Mouldy Oldy section. It's great, your mag is tops. Any of you cute girls who would like to write a sailor type disc jockey drop me a line. I would like to keep the servicemen informed on which records are rising the fastest in their state back home. I will answer all, I'm 21.

I been wanting to get hold of a HRC for 5 months now because I am in Viet Nam and we hardly get any books here and I sure dig HRC. I am a cartoon nut, but when it comes to Hocus Focus, you should add about 100 more pages and name them ALL Hocus Focus!

PFC J. CAEZ H. Trp 17th CAV-198, Viet Nam

Wish to ink the gears with specs in the art of groovin'. For short the name is Ski, for the Army it's 143 and I'm free. I dig socializing so write, do hurry. I hail temporarily for Germany.

We just flew back from the local general store (PX), in our close ratio 5 on the floor deuce and a half, with the latest ish of HRC. Barely made it to the door of the barracks and got mobbed by 10 or 20 pest diggin' G.I.'s. We fought 'em off Valiantly (MOPAR) and made it to our bunks intact before the local fuzz (MP's) arrived and confiscated the mag for incitin' a riot! We wanna' know if there's any 'COW-GURLZ' or 'FARMERS DAUGHTERS' (Butch is from Ariz. and I'm from Iowa) who wanna' find out what life on the 'Rock' (Okinawa) is like. Seems to us, all the sweet things are groovin' on the RVN (Viet Nam) boys and Chevys. We realize RVN is a bad gig, I've been and Butch is goin', but Chevys are even worse! Will ya' do a couple of G.I.'s in distress a favor and let the round-eyed lovelies know there's a couple of MOPAR good guys in the South Pacific who are in dire need of mail!!
PFC BUTCH GLICK SP/A BOB KRIEGER 999th Sig Co,

Would like to hear from chicks, 17-19, who dig on Mustangs and other Ford goodies. Right now the 'Kid' is doing a 13 month tour in the Nam. I'm in Dang Ha combat base and I am a radar operator for one of those way out science fiction type sets.

I'm 22 and I love cars and LEGAL drag racing. I love ALL MOPARS, and Plymouth Road Runners (426's) are the greatest. I had one for a year. Any girls, 18-23, from Penn. (my home state) or New York (my working state)? I'd love to get a letter from you.

Are you for REAL? Your mag must be loose saying Chevie's are in! Fords eat Chevie's for breakfast! I am a Navy type in Nam. I have been forgotten at home so any girl types, 18-20, drop me a line.

Being stationed in the Nam, I get a real bang out of your mag. Pest Entry is great, but WHEN I WRITE I NEVER GET ANY ANSWERS! I'm not a great racing fan, I simply drive my '65 Chrysler for pleasure. Maybe some of you young ladies could fill me in on what's happening in the racing world?
SP/5 LOREN KRUYER RA5338853 S-1 HHC 3/82 Airborne

Fords and Chevie's are both great cars, but they haven't got a whole lot over what I drive here in Nam, other than a little speed and comfort. Would like to hear from all girls 17 and over.

I'm a male type guy 19 years old. I really dig groovy Chevy's. Since Chev is the greatest, I've got a '63 Impala S/S. I would really love to hear from any and all groovy types (18-20 yrs.) To the dismay of all my fellow drag racers, I plan to be a police officer in a year and a half. I hope they get something better than the Ford clunkers they have here.

HRC'S SERVICE STATION

There I was, doing my thing in Uncle Sam's Navy, when this thing walked in. Would you believe it said, "I'm beautiful, read me"? Before I knew what happened I was reading your HRC. After my mind settled down, I wondered if there were any things of the other sex (GOILS), 17-19, who would like to float a scriggly in my direction? I'm 19 and Chev is the only thing on the road, every thing else is make-believe.

There I wuz . . . gaping my mind on the Jim Hendrix Experience when all of a sudden . . . FLASH! I spots a multi-colored psycedelic rag through the purple haze . . . I grabs it! I swiftly spread my mind and blanket the elusive pages and absorb . . . WOW . . . my mind cchos as I dig! This has GOT to be everyone's bag! It's as heavy as COMMANDER ZIRK, SPACE MOTHER, or better. It tickles my mustache to know someone knows how to etch a strong bag, keep torking out my mind Pappy! All you others who space your minds and dig small cars, HRC and birdies with long hair, I say keep your thing going. I invite groovy chicks 16-21 to etch it to me if they can dig it. Now, as the third stone from the sun spreads its wrap one must dig its meaning, to all you people out there in the WORLD I sez, use your minds.

I've got a '63 Corvair back home that sports a '65 Yenke Stinger engine, and with quite a bit of work and \$\$ develops a tad bit over 300 HP. I'm with a bunch of great guys (love Chevies, Bugs and sporty cars although one cracked up and did the worst thing possible bought a Ford! Gad!) But no girl-types. Require contact with females, preferably 18-22 years old, gorgeous. So. Cal. types but if you're skinny, 47 yrs., bald with braces and from Montana write anyway. I'd like to comment about Mrs. Don Cash. Saying that she can get any Chevy to blow the doors right off on any other car. I'm not saying that Chevy's don't go but right now the Cobra GT 500-KR is King of the Road. The 428 Cobra Jet took Super Stock Eliminator honors at the Pomona Winternationals. Man alive am I, after a weirdo of an accident. Too slow was my car. What is needed is power and speed to dig from those weirdo situations where you're trapped in the middle of some creep making a conversion of a Kenworth and a Peterbuilt. That's why I'm making my conversion of a hot 427 mill for an open heart surgery of me little Falcon. I'm desperate for some gurl type advice to keep my cool. So gurls, I'll be waiting for your advice.

SWINGING' HRC TROOPS

In regards to the letter written by Mrs. Don Cash. I hate to inform, but I think you're the one who better look twice before you open your mouth too wide. Anyone can see your point of view about a 427 'Vette waxing a 383 Mopar. If you knew as much about cars as you think you do, you would know that it has a larger motor. I know one thing for sure a Chevy is far from being the king of the road. My Dodge R/T has a 440 and I could wax a real good 396 SS any day. I also know a 427 will not match against a 426 hemi. On all the information I have ever found or the personal talks with the guys, Plymouth and Dodges are the top cars on all drag strips.
STEVE LEONE Louisiana

Dear Mrs. Cash, yes Chev's are great in drags but that's it. For durability they reek. I shall also agree that HOT ROD talks a lot about Chev's. But in our issue a division of Ford set up a durability test. Ford cars went through the 100,000 miles run at an average speed in excess of 100 mph with flying colors, and this was in 1964. At the Indy's Chev's just don't place. Fords have almost always come in first. And in some of the recent Indy races Fords have come two, three, four, and even five cars at a time, placing ahead of every other car. Don Nicholson's Mercury Cougar is fast, so try matching a car (Chev) up with him. Or how about a GTX. (Dodge cars are great too.)
BRUCE SHERIDAN Fairway Dr., Hopewell, N.J. 08525

There was some lady in that there Nov. '68 mag who claimed that Chevy could shut down Mopars. They might shut down Mopars, but they ain't gonna beat any Olds. She said quote, "I can match you a Chevy that'll take almost any car." My dad has a '68 Delta 88 Custom with the 455 c.i. mill. He stomped a Chevy, and had on mud-grips. Anyone out there 12-15 write me, OK?
ALLEN CORLEW P.O. Box 5, Racine, Oh. 45771

Your Pest Entry is great! Even though some of your readers are nuts. Regarding Mrs. Don Cash's letter and her wonderful 396, it stinks. There are a few Olds lovers in this world. Our 326 Air Research Supercharger Jetfire will take on any 390 hp Chevy! Ford, Olds and Mopars rule!
DENNIS NEUFELD 9332 W. 10th, Lakewood, Colo. 80215

In regards to the letter by Mrs. Cash. Mrs. Cash is the one mixed up. I'm a Ford man but I had a brother work for Richard Petty and I am slightly partial to Plymouth. My father worked at the local Chevy dealer. Chevy ain't from no place. 390 hp 396 out running a 383 which has only 270 hp stock and 325 with 4-barrel? What kind of a race is this? The 396 is going to win any day. What has Chevy done in Grand National (NASCAR) racing? Ford and Mopar has just run off and left them. Circle racing is tops in my book. Circle racing is to see who can go the fastest and longest. From this you can tell who builds the fastest cars. 'Vette the fastest thing on the road? Did you forget the Cobra? And match me a Chevy that will out run Petty's Plymouth or Yarborough's Merc.
LARRY HOLMAN 614 Camelia Dr., Tallassee, Ala. 36018

In regards to the letter written by Mrs. Don Cash (a Chevy lover) using Popular Hot Rodding (December '68 issue). It says that the most powerful wedge on the market is the 440 cubic-inch Mopar engine. The facts are that the Mopar is here to stay.
W. G. PRICE 29 E. Emerald Rd., Nahant, Mass. 01908

I dig all your mags and I really like your covers.
STEVE LINQUIST 3500 Chase, Denver, Colo. 80212

I agree with the guy from La., you should hear more often from the South. Man 210 miles south of here and you talk to Fidel in person. My late occupation of writing the rod column in my school newspaper was your fault. Just 'cause I was reading your mag when they asked who would volunteer to write the column, some idjut volunteered ME! You know it looks and sounds easy to write a column 'bout cars, but it ain't. Hey troop, next time you're in Hef's hutch and want a little something fer your pipe, the little purple button on the wall turns off the alarm. But that button calls in a dozen bunnies. A-HA! I would like to hear from girls who digs cars or photography.
HARVEY CASTEEL 506 N.W. 6th Ave., Florida City, Fla. 33030

In regards to the letter written by Mrs. Don Cash. I'm with you all the way. Chevies are the greatest trucks. I have a '55 Ford pickup which is absolutely groovy.
